YOUTH ARCHERY TEAM S3DA ARCHERY PROGRAM

This is a youth archery program that I would like you to become familiar with. Please read their statement below and visit their website, S3DA.org. This program has four age groups and allows all archery disciplines. In order to participate, the youth needs to be part of a team. If you have any questions, interest or would like your child to participate, please contact me (Ed Malle, 845-541-6775 or archerybrgc@gmail.com).

The mission of the scholastic 3-D Archery (S3DA) Program is to foster, educate and guide youth in the areas of indoor target, 3D and outdoor target archery as well as safe, ethical bowhunting practices. The goal of the S3DA program is to provide archer and bowhunting opportunities for young people in after-school settings as well as with archery-affiliated clubs and businesses in the community. We provide an effective after-school archery program, focusing on indoor 5 spot, 3-D and outdoor target archery and the certification and tools to deliver the instruction to youth. As a result, S3DA expects to see increased participation in 3-D and target archery by youth and parent archers using compound bow and traditional archery equipment while also helping to increase participation at local, state and national archery events. In addition, S3DA expects to help provide a basic understanding and respect for our natural resources and regulated sport hunting.

S3DA has a thirty-dollar member fee and one must register on the s3da.sport80.com website. We plan to practice as much as possible at Bethlehem, but I have reached out to Black Rock and Walden to share their indoor facilities during the winter months and inclement weather. I plan to meet one or two times per month until we get more coaches. There are competitions in the three disciplines which are subdivided by age and bow type. Ages of participants are 8 – 17 as of January 1st of a competitive season and not attending college.
