ARCHERY NEWS

Sign in and out when you use the Archery Range or 3D Course at the sign in station. Guests must pay a \$10 fee and be accompanied by a regular member.

ARCHERY RANGE

The archery range is currently open from sunrise to sunset. There is a new target made from blocks of Styrofoam located on the 10 yard line. This target is there for young shooters and enables people to shoot at 10 and 20 yards at the same time from the same shooting line. Broadhead target is available for use. Crossbows may be used on the range (**bag targets only**). Use crossbow bolts and arrows with **field points only**. The yellow chain is to stay up to designate a possible live archery range. Need people to cut grass on the range and general clean up on the archery range and 3D course for work hours.

3D RANGE

The 3D Course is open sunrise to sunset. Bows only with field tips, no crossbows or broadheads. There are 28 stations with some stations having two targets (animal 3D targets). When shooting stay within the shooting stakes, you may move as close to the targets as you wish. Before shooting make sure that the station is clear and there is no one looking for arrows. There are photos and links to videos of past 3D shoots on website.

Youth Archery Team - S3DA

Registration is open and always looking for more participants, coaches and volunteers. See registration form in newsletter and website.

ARCHERY RANGE METAMORPHOSIS

2019 ARCHERY RANGE

2023 ARCHERY RANGE

The archery range is now set up to accommodate 5-6 shooters on the line, as you can see with the youth archery team picture. There is an intermediate target which is easily moveable to accommodate shooters shooting at different distances from the same shooting line. The bag targets are rated for crossbow and there is a separate target for broadhead arrows, help you get ready for hunting season. The range is measured out to 60 yards. THANK YOU to everyone that helped to make the range what it is today, it could not have happened without your support. A member asked if it would be possible to have a movable target that can be used outside of the archery range, due to mosquitos. It is a work in progress.

TRI-COUNTY ARCHERY

Tri-County Archers is a group of clubs (Bethlehem, Black Rock, Walden, Monroe Chester and Silver Birch) that alternate hosting 3D shoots throughout the spring and summer. July 30th was our last shoot at Bethlehem. We had 32 shooters which included two club members and two members of the archery team. Everyone had a great time enjoying our realistic/scenic course, challenge shot (one archer won a lunch) and our expanded concession. Our next shoot is September 24, 2023. Registration is from 7am to noon. Volunteers are needed to cut grass on range before the shoot, Saturday morning (9am) preliminary set up and Sunday for the shoot (starting at 6:30am – put in as much time as you can and shoot the course). This is our last shoot of the season and will need extra help with bringing in the targets, ATVs are welcome. Great way to get your work hours in and meet your fellow members. See flyer.

VOLUNTEERS

Looking for volunteers to help run various archery events, and perhaps take the lead in certain events. If you would like to be part of the archery program, please contact me. Great way to get your work hours done and We would love to have you.
